## About Custom Chrome Motorcycles...

Custom Chrome Motorcycles are probably the most spectacular selection of exclusive V-Twin bikes powered by a rock solid RevTech or a high end TP Engineering engine available in different sizes and finishes. Choose between "Ate Up", the Bobber "Spirit", the Cruiser "Dragon", the "Chopper" or the brand new Old School "Cuba Libre" model. You will always own an absolute unique bike. Three models are also available as an EC approved version. The Custom Chrome Motorcycles can be ordered at all authorized Custom Chrome Europe dealers. More models on our website [www.custom-chrome-motorcycles.com](http://www.custom-chrome-motorcycles.com). Choose your style and contact your local dealer.
